Track device setup

How to set up for new Vessels for Track

LOWRANCE

SIMRAD

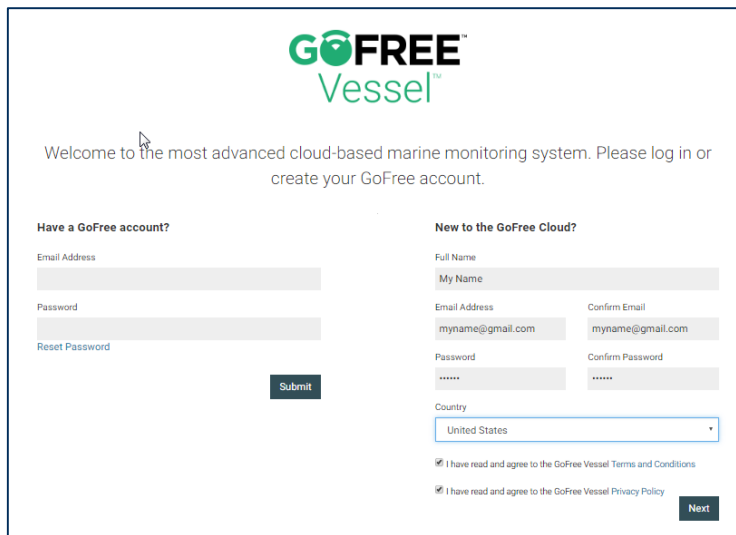

B&G

1. Establish a GoFree account

www.vessel.gofreemarine.com

1. Enter Name
2. Email address
3. Password
4. Country
5. Agree to terms

The screenshot shows the GoFree Vessel login and registration interface. At the top center is the GoFree Vessel logo. Below it is a welcome message: "Welcome to the most advanced cloud-based marine monitoring system. Please log in or create your GoFree account." The page is divided into two main sections: "Have a GoFree account?" and "New to the GoFree Cloud?".

Have a GoFree account?

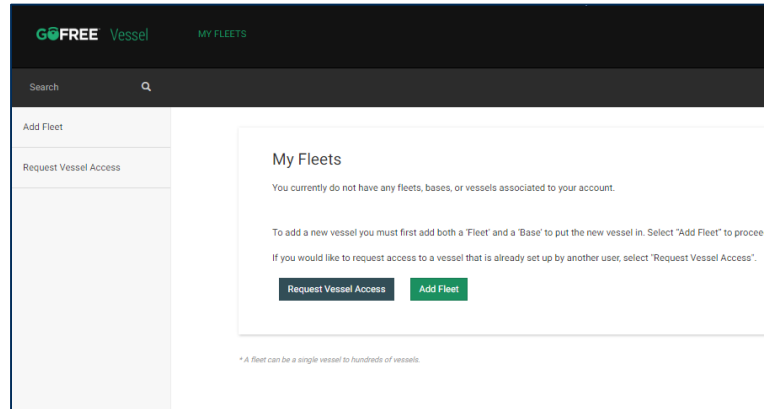

- Email Address: [input field]
- Password: [input field]
- Reset Password: [input field]
- Submit: [button]

New to the GoFree Cloud?

- Full Name: [input field with placeholder "My Name"]
- Email Address: [input field with placeholder "myname@gmail.com"]
- Confirm Email: [input field with placeholder "myname@gmail.com"]
- Password: [input field with placeholder "*****"]
- Confirm Password: [input field with placeholder "*****"]
- Country: [dropdown menu with "United States" selected]
- I have read and agree to the GoFree Vessel Terms and Conditions
- I have read and agree to the GoFree Vessel Privacy Policy
- Next: [button]

2. Add a fleet

- Add a new fleet – All boats go into a fleet
- If you are trying to request access to a boat or transfer one to yourself, you must have a fleet first

3. Enter fleet information

- Fill in the information about your fleet
- Add an image to the fleet
- Add users
- Note – Administrators are added at the fleet level
- Support users are added at the base level

Add Fleet

4. Add a vessel

- Select “Add New” to add a vessel
- Select “Add New” to add a new base location to the fleet
- All vessels must be in both a fleet and a base location
- This is the starting step if the fleet is already set up

The screenshot displays the GoFree Vessel web application interface. The top navigation bar includes the GoFree logo, the text 'Vessel', and 'MY FLEETS'. Below this is a search bar and a welcome message: 'Welcome to GoFree Vessel'. The left sidebar contains two main options: 'Add Fleet' (highlighted in green) and 'Request Vessel Access'. The main content area is titled 'My Fleets' and shows a list of fleets. The first entry is 'Adriatic Yacht Charters - admin' with an 'Edit Fleet' link. Below this, it shows 'Base Locations (0) | Add New' and 'Vessels (0) | Add New', where the 'Add New' link is circled in red. A footer note states: '*A fleet can be a single vessel to hundreds of vessels.'

5. Register a device

- Enter the ESN #
“Electronic Serial number”
- If you want to transfer a boat to your fleet, you enter an existing number already assigned to a boat

Welcome to the configuration of your GoFree device.

New Or Existing GoFree Device	Existing GoFree Vessel Only
Serial Number	Hull ID
<input type="text" value="4962010138"/> <input type="button" value="Verify"/>	<input type="text"/> <input type="button" value="Verify"/>
Need help finding your serial number?	

6. Configure a device

- Start the configuration wizard
- Note: If you want to configure more than one boat the same way create a template

Welcome to the configuration of your GoFree device.

New Or Existing GoFree Device	Existing GoFree Vessel Only
Serial Number	Hull ID
4962010127	
<input type="button" value="Verify"/>	<input type="button" value="Verify"/>
Need help finding your serial number?	

The verified vessel and device has not been setup. Please proceed with the configuration wizard.

Would you like to use an existing vessel template?

No

7. Add vessel information

Enter your information

- Vessel page
 - *You can choose or set up your base here.
- Engine /N2K information
- Sensors set up
- Communication plan (HD)
- Billing information (HD)

Vessel Information

Tell us about the vessel you will be monitoring with GoFree Track.

Manufacturer Information

Make Model
Manufacturer not in list?

Length Year

Hull ID #

Track Information

Vessel name **Base Location**

Vessel timezone

I would like to lock this vessel, preventing it from being transferred to another owner. A locked vessel will automatically deny any transfer requests, even when you select to allow automatic transfers.

Yes No

I would like new owners to be able to automatically transfer this vessel to themselves with the Track Device serial number. (Data plan changes and charges may apply.)

Yes No

Done !

Now view the vessel dashboard and be alerted anytime things change

The screenshot displays a vessel dashboard interface. At the top, a map shows a yellow track of a vessel's movement over a coastal area. Below the map, the dashboard is divided into several sections:

- Vessel Status:** Shows a green checkmark and the word "Voltage".
- Create a new Trip Replay:** Includes a "Start Date" field, an "End Date" field, and a "Create Trip Replay" button.
- Vessel Switches:** A section for managing vessel settings.
- Vessel Details (World Cat):** Includes a photo of the vessel, a refresh icon, and the following information:
 - Serial Number: 492210299
 - Updated: 1 hour 7 minutes ago
 - Location: 24.519452° N, -81.741019° W
 - Make/Model: Simrad Cat 29
 - Battery Voltage: 12 V
